# fine MUSICO 2023 EDUCATION CATALOGUE

education.finemusiconline.com.au

Welcome to the 2023 Fine Music Education Catalogue

2022 saw a return to music making in schools across the country. It was fantastic to be involved in so many events throughout the year which reinforced that music making was back and stronger than ever. We can't wait to see programs grow and prosper even further in 2023.

Thankfully in 2022 the Victorian School Music Festival was able to run once again for the first time since 2019. The event saw 12,000 students from 300 ensembles take part accross 28 days. It was pleasing to see that although many programs had been impacted by Covid19 restrictions over the last few years, the level of enthusiasm and dedication displayed by students and teachers remained extremely high. Well done to everyone who participated. You can find the dates for VSMF 2023 on the next page.

Throughout 2022, Australia like most countries, experienced some significant issues with the global supply chain as a result of manufacturing closures during the Covid-19 pandemic. This, along with the huge increase in worldwide demand, resulted in some significant delays in stock delivery. We are very grateful to our customers for their patience during this time and are confident the worst of these issues are now behind us - fingers crossed. Cost of manufacturing and international shipping are still impacting the cost of goods and many distributors have been forced to increase prices over the last twelve months. Prices in our 2023 catalogue are as accurate as possible at the time of printing, however, they may change at any time. For up to date pricing, please visit www.education.finemusiconline.com.au.

Once again, we thank you our customers for your ongoing support and we wish you all the best for the year ahead.

# Why Choose Fine Music?

### **Passion:**

We are all passionate musicians and educators at Fine Music. To us, our job is more than just making sales, it's about sharing our love of music and helping you, our customers, grow your programs and assist you in creating the next generation of music makers.

# **Knowledge:**

The Fine Music team are some of the most experienced and knowledgable in the industry. Music is our life and we like to learn and keep up to date with the latest products and trends. If you need help, look no further.

# **Integrity:**

We know you are busy, so we aren't here to waste your time or your money. Our mission is to help you find the right solution at the right price and get it to you on time.

# The Fine Music Difference:

Fine Music does more than just sell product. Each year, Fine Music supports music making by producing the largest school music festival in the country. With over 14,000 students taking part, the Victorian School Music Festival is a highlight on the performance calendar for over 300 schools from Victoria and around Australia. The event is non-competitive and allows students to perform in some of Victoria's premier performance spaces and be critiqued by some of the worlds leading music educators. Our aim is to see students engaged in a life long love of music.

# EDUCATION OUTREAGH NEWS

In 2023, Yamaha Music Australia's Education Outreach initiative enters its eighth year with Prof. Rob McWilliams as Education Outreach Clinician. In that time, he has visited hundreds of educational institutions and worked with thousands of music teachers (pre-service and in-service), ensemble conductors, and aspiring student and community musicians in orchestras, wind bands, jazz ensembles, and many more.

2022 saw an increase in live ensemble workshops, professional development sessions for educators/conductors, and direct Outreach activity. We expect this increasing trend will continue throughout 2023.

2022 also saw the return of the highly successful 'Yamaha Wind Orchestra — Professional Development Project' which brought approximately fifty-five musicians together over two weekends in Melbourne. The objectives of the Yamaha Wind Orchestra PD project are manyfold, to learn more see page 20. The 2022 version of the Yamaha Wind Orchestra also saw an increasing number of participants attending from multiple states including South Australia, Tasmania, New South Wales, Queensland, and Victoria. Additionally, we were also most fortunate to have Yamaha marimba artist Steve Falk as the guest soloist/PD presenter and Ed Fairlie as our guest composer.

# PROF. ROB McWILLIAMS

# Education Outreach Clinician robert.mcwilliams@music.yamaha.com

Prof. McWilliams' career includes 23 years working in the United States as a musician and educator, encompassing a broad range of styles from symphonic to jazz. His most recent appointment was Director of Bands & Instrumental Music Education and Head of Department at the University of Wisconsin, Oshkosh. While in the USA, he completed Masters and Doctorate degrees in Instrumental Music Education and Conducting. His charter with Yamaha Music Australia is to be at the front line, in schools and the community, helping ensemble directors and students reach their full potential.

### PRESENTATION FORUMS

Prof. McWilliams is available to help teachers (inservice or pre-service) and ensemble directors (jazz, concert band or orchestra) at all levels of experience. Contact Prof. McWilliams to discuss opportunities for development in your programs and ensembles at robert.mcwilliams@music.yamaha.com

# **CARLY McDONALD**

**Piano Education Consultant** 

Carly McDonald is an Australian piano pedagogue, consultant, writer and presenter. She loves to connect teachers with creative ideas and strong business acumen. As well as being the Yamaha Music Australia Piano Education Consultant, Carly is the author of Creative. Piano. Professional, Editor of The Piano Teacher for Hal Leonard Australia, Australian Ambassador for the Piano Adventures series by Randall and Nancy Faber and co-editor of the 'I Want To Play That' piano series. She is passionate about fostering a connected teaching community and helping students to develop strong musical foundations and pathways for self-expression.

### **PIANO EDUCATION OUTREACH**

To extend the work Yamaha is doing to increase quality and participation in music making, in 2020, we appointed Carly McDonald as our Piano Educaiton consultant. Yamaha Music Australia is committed to developing programs and resources to support piano teachers across the country and co-exist alongside our music advocacy program Off to a Great Start.

### String Basics: Steps to Success for String Orchestra

String Basics is a comprehensive method for beginning string classes. Utilising technical exercises, music from around the world, classical themes by the masters, and original compositions, students will learn to play their string instruments in an orchestra. Stepby-step sequences of instruction will prove invaluable as students learn to hold their instrument and bow, finger new notes, count different rhythms, read music notation, and more

# MÖDERN BAND METHOD

A beginner's guide for group or private instruction

The Modern Band Method provides a guided lesson plan for the absolute beginner, complete with audio tracks, video lessons, and many popular songs by the biggest artists of the day! Each method book works in tandem with the other instrument methods in the series, allowing students to play the same songs together as a full band!

### **Books include:**

- Audio tracks with PLAYBACK+, an audio player that allows players to slow down audio without changing pitch, set loop points, change keys, and pan left or right
- Video lessons
- Lessons about technique, reading music, composing a song, writing lyrics, soloing, improvising, and more
- Instrument-specific topics

# The SCHOTT POP STYLES series

Practical, down to earth and in-depth tutor books covering all aspects of technique for each individual genre.

Each book covers a wide range of styles within the genre and explores a wide variety of technical aspects including chords, scales and soloing.

Ideal for the classical player looking for something a little different!

With Demonstration and Play-Along Tracks performed by a live backing band on the accompanying Audio tracks.

### Eastman ETB829 Trombne

The Eastman ETB829 is modeled after and configured with some of the most popular S.E. Shires component types. It features a classic bell design offering a clear, rich core with strong fundamental. The rotary valve maintains the bore's shape and cross-sectional area through the valve ports, resulting in secure feel and articulation, stable sound in all registers, and light, quick action. The wide-crook handslide design creates a broad sound with a free-blowing feel.

An optional gold brass bell offers added warmth and complexity to the overtone structure for a balanced and flexible sound. Overall, the 800 series large-bore tenor is efficient, easy to play, sounds great, and designed to appeal to players of all levels in all types of music. With Eastman and S.E. Shires working together, quality stays in the family.

---------	--------	------------------------	-------------

• Proprietary synthetic material capable of withstanding constant use and changes in weather.

- Backun-designed bore provides young artists with the ability to develop proper air support without too much resistance.
- Exceptionally lightweight, perfect for students.

- Crafted for aspiring artists, the keywork and mechanism are similar to Beta and Protégé Clarinets, allowing artists to advance through the Backun line with ease.
- Available in Nickle Plated or Silver Plated Keys
- No Bell or Tenon rings to reduce warranty issues
- Alpha Clarinets come with one Alpha Barrel, one Alpha Bell and one Mouthpiece Pack.

REGISTER YOUR INTEREST FOR THE 2023 AWARD

# Celebrating Piano Teachers

The Yamaha Breakout Award is a national award designed to celebrate the work that piano teachers do in the community. It supports Yamaha's own education advocacy program Off to a Great Start and their ambition to engage more people in music-making.

Each year, Yamaha reach out to the community of piano teachers who strive to advance their own professional development for the benefit of their students. Teachers who are committed and passionate about the value of music education and the impact it can have in students' lives.

# The next stage is calling.

The new standard for synthetic strings is here. Introducing D'Addario Ascenté, the first synthetic core string designed to help you elevate your craft. It's the only string that combines the sophisticated tone, unbeatable pitch stability, and superior durability required by the progressing player. Which means our greatest advancement yet can lead to yours, too.

# GET NATURAL TONE AND GENUINE FEEL AT CONVERSATIONAL VOLUMES WITH dB ONE

Evans Drumheads is proud to introduce Evans **dB One** drumheads and cymbals. For the first time in history, you can hit hard and play naturally while keeping it down. Take in the unmistakable crack and buzz of the breakthrough Snare  $\mathrm{Sim}^{\mathsf{TM}}$  technology, the authentic bounce and feel of dB's impact patches, the true-to-kit tones of Kinetic Transfer Foam<sup>TM</sup>, and the first cymbal set to sport dBalance  $\mathrm{TM}$  technology and the Evans brand.

dB One Cymbals

#### Why Flight?

In the modern music classroom, ukuleles are a must-have for aspiring young musicians. This is why it so important to understand the value of a durable and resilient instrument.

The Flight Travel Series are designed with classrooms in mind. They come in a range of fun and exciting colours and produce a beautiful sound, but more importantly, these ukuleles stay in tune.

Put an end to spending endless classroom time "re-tuning the ukes" every morning, and enjoy the confidence of knowing the instruments are ready to go.

The Flight Travel Series is a truly unique range of ukuleles. Made almost entirely from ABS plastic with a stylish wooden top, these high-quality ukuleles are the top choice for the classroom.

#### **Flight Ukulele Class Set**

15 x Travel Ukuleles + carry bags.

1 x Zebrawood Soprano Electro-Acoustic Ukulele

All packs include a Flight Zebrawood DUS320 Soprano Electro-Acoustic Ukulele for the teacher, which features a pickup system for amplification.

#### Notation & Theory

#### Dorico

Dorico is the next-generation scoring application from Steinberg, with a whole new way of working with music notation. Built from the ground up by musicians for musicians, Dorico is like having an intelligent assistant by your side. Dorico's output is the equal of the finest music engraving, and brings music to life through Steinberg's award-winning audio engine.

#### Sibelius

The latest generation of the world's bestselling music notation software, Avid Sibelius is sophisticated enough to meet the demands of top composers, arrangers, and publishers, yet simple enough for beginners and students. Workquickly with the brand-new, task-oriented user interface. Experience your scores in stunning clarity with the exclusive, professional-quality sound library. Collaborate more easily thanks to full MusicXML interchange support and other sharing options. Sibelius 8 is the fastest, smartest, easiest way to write music.

#### **Finale**

Finale® is the ultimate music notation program giving you complete control over every aspect of the printed page while providing full MIDI capabilities and unparalleled audio output. With Finale you also get a selection of world-class instrument sounds from Garritan's Personal Orchestra, Jazz & Big Band, Concert & Marching Band, and World Instruments libraries

#### Auralia 6

With 54 topics, and endless customisation, Auralia is by far the most comprehensive ear training package! All the fundamentals are covered; pitch, rhythm, intervals, chords, scales and tuning. Progress through cadences, dictation, harmont, jazz progressions and melodic transcription. Sophisticated tracking allows you to easily monitor and assess your students. Set tasks and assignents and even run exams with high quality content your students will love.

#### Musition 6

Musition is a comprehensive music theory and fundamentals package for music students of all ages and abilities. Musition's interactive teaching makes learning music theory fun and easy. The structured drills and instant feedback create a stimulating learning environment, enabling students to achieve their maximum potential. Complete with 54 topics and record sophisticated keeping features, Musition is the ultimate music theory training and testing tool.

#### Recording

#### Mixcraft

Mixcraft 9 is a powerful music production and multi-track recording workstation that comes packed with thoUSAnds of music loops and dozens of audio effects and virtual instruments. Mixcraft enables you to record audio, arrange loops, remix tracks, compose with MIDI and virtual instruments, add effects, score and edit video, and mix and master your tracks to create polished, professional compositions.

#### **Protools**

Whether you create music or sound for picture, the right tools can help you achieve the highest quality mixes faster. Pro Tools 10 is the next generation of the best sounding, most widely-used audio production software in the industry, enabling you to record, compose, edit, and mix with great speed and ease.

#### Cubase

Cubase condenses almost three decades of Steinberg development into the most cuttingedge DAW anywhere. Used by star producers and musicians for composing, recording, mixing and editing music, Cubase combines outstanding audio quality, intuitive handling and a collection of highly advanced audio and MIDI tools. Whether you record an orchestra, a huge live rock show, or a band in the studio, Cubase is sublime in every sense of the word.

#### **Presonus Studio One**

Studio One Professional is a ground breaking and deep, yet easy-to-use DAW for Mac and Windows. Load and save audio clips, MIDI files, effects, and VI's by drag-and-drop. Import and export MP3s. Take advantage of multi track comping, multi track MIDI editing, transient detection and editing with groove extraction. and Folder Tracks. Import videos and create soundtracks. Use the 33 bundled Native Effects plug-ins, third-party VST and AU plug-ins, and ReWire. Mix, master, burn CDs, and upload to the Web, all within Studio One.

# A PROFESSIONAL DEVELOPMENT PROJECT FOR TEACHERS

Following the outstanding success of previous Yamaha Wind Orchestra projects, Yamaha Music Australia is excited and proud to invite musicians 18 years and older to take part in this unique performance and professional learning opportunity for 2023, now including an iteration of the project in Sydney, in addition to Melbourne.

Led by Yamaha Music Australia's
Education Outreach Clinician,
Prof. Rob McWilliams, this project
will provide unparalleled opportunity
on two fronts.

1. The opportunity to perform in an elite level symphonic wind band playing top quality repertoire for a single concert performance in an outstanding venue.

2. Access to unique professional development opportunities for musicians and conductors.

Through an innovative approach to the preparation and rehearsal process, this initiative will assist musicians and conductors who deal with wind bands in educational institutions and the community. As part of the Yamaha Wind Orchestra, the ensemble members will receive

learning materials related to repertoire selection, program design, score preparation / study, rehearsal / conducting techniques and more!
